"Education is the key that unlocks the golden door to freedom."

GEORGE WASHINGTON CARVER

We cannot chastise a generation for being unpatriotic if they were never taught why they should be. A solid civics education that teaches students why our country was founded, how our government functions, and what their role in it should be is vital to the restoration and continuation of our great Constitutional Republic. We can and will do that with clear standards and a rigorous curriculum.

Our coalition of passionate educators is committed to instilling traditional values, logical thinking, and a strong sense of responsibility in America's students. Drawing upon time-tested principles, we help facilitate a balanced and comprehensive education that prepares young minds for the challenges of the modern world. With a focus on fostering respect for tradition, family, and individual liberty, we equip educators with the tools to help create informed, engaged citizens and future leaders.

Colaborando con la comunidad hispana para mejorar el futuro de la próxima generación.

Freedom in Education is proud to join forces with the Hispanic community, aiming to empower parents and enhance education to ignite a passion for civics, academics, and love for our nation within the next generation. This collaborative journey places academics and parental rights at the heart of our mission.

IN PURSUIT OF SOLUTIONS.

We are resolute citizens who recognize that the true value of American Education is the ability to gain core knowledge, think logically, and value diversity of thought as a means to protect the future of our nation!

EQUIPPING PARENTS  ENHANCING EDUCATION

IN PURSUIT OF SOLUTIONS 

“Parental involvement is key to student success. When parents have the freedom to decide and direct the best learning environment for their children, they are able to set their children on the path to the 'pursuit of happiness' as well-educated independent-thinking adults.”

*Beanie Geoghegan*  
COFOUNDER FREEDOM IN EDUCATION

### Our Vision

Engaged parents raising virtuous children equipped with core knowledge and an understanding of America’s founding principles in order to protect their own future as a self-governing people

### Our Mission

To promote freedom in learning by equipping parents & teachers to enhance education for the next generation.

### Core Values

- We believe God has providence and our founding principles reflect HIS Will.
- We believe parents are the ultimate authority over the physical, mental and spiritual well-being of their children.
- We prioritize self-respect over self-esteem.
- We believe in the separation of education from the federal government.
